

Reminder about deer carcass movement restrictions

Deer hunters, as you enjoy deer seasons and make plans for hunting, here’s a reminder about deer carcass movement restrictions. Carcass movement restrictions are in place for 14 deer permit areas located in southeastern and north-central Minnesota and the south metro area. DPAs 604, 605, 643, 645, 646, 647, 648, 649, 655, 661 and 679 together form the chronic wasting disease management zone. Hunters are not allowed to bring whole deer carcasses outside the management

Maps courtesy of MN DNR

zone until a “not detected” test result is received. DPAs 255, 343 and 344 form a control zone and whole deer carcasses cannot be moved out of a control zone or the adjacent management zone

until a “not-detected” test result is received. Hunters are allowed to move whole deer carcasses in between contiguous management zone DPAs or from a control zone DPA into the management zone. If hunters do not submit their deer for sampling or want to transport it outside these zones before getting a test result, they must debone or quarter their deer, properly disposing of the head and spinal column inside the zones. The DNR provides dumpsters for hunters to use to help facilitate car-

cass disposal. These restrictions are part of a comprehensive strategy to keep Minnesota’s deer, elk and moose healthy by limiting the spread of disease. Find details for the DPA you hunt in by visiting the DNR chronic wasting disease webpage and using the “find your requirements for your DPA” tool. The map shows boundaries of carcass movement restrictions in red, around DPAs that are in a CWD management or control zone.

NO NET GAIN OF PUBLIC LAND RESOLUTION
Commissioners discussed consideration of a No Net Gain of Public Land resolution as the loss of private land into a public sector status has potential tax revenue implications that need to be addressed.

It was the consensus of the County Board to appoint Commissioners Snyder and Ives to an ad hoc committee, along with the County Attorney and County Administrator, to continue the discussion.
